

► Boua Dimitra

M.Sc. Student at University of Athens

Phone: +306958101158

e-mail: dimbouta@gmail.com

Education

B.Sc. in Chemistry (2016-2021), University of Athens (Grade: 8,65/10)

M.Sc. in Analytical Chemistry and Quality Assurance (2021-present), University of Athens

Research Topics

Undergraduate Thesis: “Synthesis of benzothiazole derivatives with possible neuroprotective effects”.

Master Thesis: “Analysis of temporal variation (1995-2017) in high-resolution mass spectrometry data from apex predators and their prey”.

Professional career

Raw Materials Analyst-QC Laboratory of a Pharmaceutical Company (2021-present): High-performance liquid chromatography (HPLC), Gas chromatography (GC), Ion chromatography (IC), Dissolution testing, UV-Vis Spectroscopy, FTIR Spectroscopy.

Research and Development Intern of a Pharmaceutical Company (2020): Long Acting Injectable (LAI) Products, Method Development and Optimization, Stability studies.

Professional Affiliations

Association of Greek Chemists, 2021-present

Programs

Summer School at Joint Research Centre, Ispra, Italy (2019): “Nuclear Decommissioning and Waste Management”.
